

## **Roofer – Archtech**

- Specialist in Architectural roof systems
- Work with an awesome and down to earth boss and team
- Great rates and ongoing growth opportunities!

Experienced metal roofing or corrugated background needed. Working with high quality materials. Great working conditions. Immediate start. Preparation through to installation of high-end roofing.

**ARCHTECH** supplies and installs standing seam roofing (including European style tray roofing) and cladding solutions for some of the more challenging and exciting projects in the market. Up for the challenge, we are working on some of the coolest architecturally designed projects and you can be part of it all. Plenty of work to go around and opportunity to grow and develop yourself.

### **Our ideal candidate will have the following skills/experience:**

- Previous metal roofing experience (preferably within high end architectural roofing and wall cladding)
- Working at Heights and Site Safe certifications
- Excellent attention to detail and pride in your work
- The ability to work without supervision
- A commitment to getting the job done right and on time
- LBP qualified would be an advantage
- Your own hand tools and drills would be an advantage
- A commitment to health and safety
- Current restricted or full drivers licence and own reliable transport

### **Culture and Benefits**

- A friendly, stable work environment with regular work and pay
- Work with a skilled and supportive team
- A variety of interesting high-end projects
- The hours for the role are 7:30am to 4:00pm - Monday to Friday, occasional Saturdays as needed

Please send your CV and Cover Letter through to [careers@archtech.co.nz](mailto:careers@archtech.co.nz) or call Natasha on 021 0825 4731 if you have any questions. We look forward to hearing from you!
